Farm and Orchard. Bro Harrison reported for this Committee. The Sebastopol Apple Union held the Annual meeting today.

One of the largest gatherings presided that there has been in years.

A very peacable meeting.

Mr Hart manager gave one of the most complete reports ever given by a manager. He feels much good has been accomplished at this meeting. A change in directors was made. A Los Angeles Broker was present gave us something to think about, gave no encouragement for prices for this season. At present there are enough apples in cold storage to supply trade up until Aug. Enough prunes on hand for the present year if none are harvested this year.

The shipping of immature apples was the cause and the immense apple crop were the prime factors in the low apple prices this year. Bro Biggs reported after all was summed up they said it was the farmer's fault for shipping green apples and in fact for shipping any apples at all.

Bro Sutton called attention to the small amt rec'd by the farmer and the large price the consumer had to pay in east.

Bro Smith reported he was in a meeting with the Farm Advisors and they report the large amt the Poultry men made this year, which is so misleading.

Bro Sutton reported until the Poultry Producers had a sales mart in the <sup>New York</sup> east they lost money on eastern sales.

Legislative Com. Bro Harrison reported on Article in Rural Press telling of the efforts being made by Congressman Gies to have the excise tax bill brought out of Committee. Moved by Bro Harrison and Sec'd that Sec send Congressman a letter congratulating him on his efforts in behalf of the Poultry Industry. Motion Carried. Bro Worta brought up the matter of the matter of the movement on to repeal sales tax and pass the single tax. Which will be a great burden to Agriculture.

He presented a resolution which follows. Whereas Sonoma County is soon to be declared a modified accredited tuberculosis free Area in which case there will be no testing by either the State or Federal Veterinarians for a period of three years, And whereas during such a period tuberculosis may again infect our herds and cause severe loss to many of our dairymen when testing is again started. It is hereby resolved that we ask the Honorable board of Supervisors of Sonoma County to pass an ordinance requiring all herds to be tested for tuberculosis at least once a year and to provide means for the enforcement of such act.

It was moved and carried to adopt the resolution. Sec to send a copy to Supervisors.

Bro Borka talked about a resolution in regard to oppose the japs fishing down around Los Angeles. Bro Good of Santa Rosa talked on this matter and informed us he had positive information it was made very hard for one by the japs when fishing down around Los Angeles. He reported Sonoma Grange have a large class to initiate in 1 and seed degrees.
